## HOUSEKEEPING LINE

### BATHI CLEAN

#### BATHROOM CLEANER WITH LIMESCALE REMOVER FORMULA

BATHI CLEAN is a multi-purpose cleaner with an acidic pH, ideal for deep cleaning of washable bathroom surfaces. Free from ammonia and enriched with innovative surfactants, it removes dirt, limescale, and soap residues from glass, fixtures, ceramics, and sanitary ware, ensuring quick drying without streaks. Perfect for daily and professional use, it leaves surfaces shiny and with a fresh, clean scent.

Code	Format		pH
MAF-H1	Jerry Can 5 Kg	144	2

### LINDO

#### MULTI-SURFACE CLEANER FOR GLASS AND GLOSSY SURFACES

LINDO is the ideal multi-surface cleaner for glass, mirrors, and glossy surfaces. Its innovative formula removes dust, stains, and fingerprints without streaking, ensuring flawless results and quick drying. Perfect for glass, stainless steel, chrome, and tiles, LINDO is enriched with a delicate clean fragrance, making it ideal for both domestic and professional use.

Code	Format		pH
MAF-H2	Jerry Can 5 Kg	144	9

### PRO-DESCALER

#### PROFESSIONAL DESCALING CLEANER

PRO-DESCALER is a powerful acidic descaler, designed to remove limescale, deposits, and mineral build-up from bathroom surfaces without causing damage. Ideal for fixtures, tiles, stainless steel, and other surfaces exposed to hard water, it restores original shine, leaving surfaces clean and spot-free. Perfect for both domestic and professional use, PRO-DESCALER is easy to apply and delivers immediate effectiveness.

Code	Format		pH
MAF-H9	Jerry Can 5 Kg	144	<2

CARPET CLEANER

CLEANER FOR FABRICS AND CARPETS

CARPET CLEANER is the ideal cleaner for carpets, upholstery, and fabric coverings. Its advanced formula penetrates fibers to remove dirt and tough stains like grease and oil, restoring freshness and brightness to fabrics without leaving residues. Perfect for professional use, it's compatible with extraction cleaning machines and leaves a pleasant fresh fragrance.

Code	Format		pH
MAF-H11	Jerry Can 5 Kg	144	9

Kitchen Line

## DETERGRILL

### PROFESSIONAL DESCALER FOR COOKTOPS OVENS, AND GRILLS

DETER GRILL is a professional degreaser specifically designed to quickly remove grease and carbon residues from ovens, grills, plates, and cooking surfaces. Ideal for restaurants, hotels, and home kitchens, it ensures deep and lasting cleanliness, optimizing equipment performance and extending its lifespan.

Code	Format		pH
MAF-K1	Jerry Can 5 Kg	144	>12

## POWER WASH

### PROFESSIONAL DISHWASHER DETERGENT

POWER WASH is the ideal detergent for professional dishwashers, formulated to remove grease, buildup, and food residues even under challenging conditions. Designed for high-use kitchens, it ensures spotless dishes and protects the dishwasher from limescale, extending its lifespan. Easy to use and highly effective, POWER WASH delivers excellent results with a single wash cycle.

Code	Format		pH
MAF-K4	Jerry Can 5 Kg	144	>12

## SHINOX

### CLEAN & SHINE FOR STAINLESS STEEL SURFACES

SHINOX is an acid cleaner specifically designed for cleaning and maintaining stainless steel surfaces. Ideal for professional kitchens, industrial settings, and food equipment, it removes limescale, light oxidation, rust, and stains, restoring the natural shine of the steel. Easy to apply and fast-acting, SHINOX provides deep cleaning and long-lasting brilliance.

Code	Format		pH
MAF-K2	Jerry Can 5 Kg	144	2

## MAGIC RINSE

### RINSE AID FOR DISHWASHERS

MAGIC RINSE is the ideal professional rinse aid for spotless, streak-free dishes. It speeds up drying and provides exceptional shine on glass, stainless steel, and other delicate surfaces. Its advanced formula prevents limescale buildup, protecting the dishwasher and enhancing wash cycle efficiency. Perfect for both home and professional use, MAGIC RINSE is an essential ally for flawless dishes every time.

Code	Format		pH
MAF-K5	Jerry Can 5 Kg	144	2

## SCALE OUT

### DESCALER FOR BOILERS AND DISHWASHERS

SCALE OUT is the ideal descaler for maintaining kettles, dishwashers, and other appliances prone to limescale buildup. Perfect for both professional and domestic use, it quickly removes limescale, preventing damage and improving machine efficiency. Its safe formula allows for regular use, ensuring deep cleaning and extending the life of appliances.

Code	Format		pH
MAF-K3	Jerry Can 5 Kg	144	<2

# Floor Line

## FLOOR CARE LINE

### DAILY CLEAN

DAILY CLEAN is a neutral cleaner ideal for daily floor maintenance in commercial and professional environments. Its gentle formula removes dirt without damaging the wax layer, leaving surfaces clean and fresh. Perfect for car showrooms, offices, and H.A.C.C.P. environments, DAILY CLEAN can be used manually or with floor cleaning machines, ensuring spotless spaces and a safe, long-lasting clean.

Code	Format		pH
MAF-F1	Jerry Can 5 Kg	144	9

### DEEP CLEAN

#### ACID FLOOR CLEANER

DEEP CLEAN is a powerful acid cleaner, ideal for deep cleaning acid-resistant floors. It effectively removes lime scale, rust, and mineral deposits, leaving surfaces clean and shiny. Perfect for high-traffic areas such as workshops and industrial spaces, DEEP CLEAN delivers fast, effective results, restoring the original appearance of floors. A reliable solution for periodic maintenance in industrial and commercial settings.

Code	Format		pH
MAF-F2	Jerry Can 5 Kg	144	<2

### ALKAFORCE

#### ALKALINE FLOOR DEGREASER

ALKAFORCE is a concentrated alkaline cleaner, ideal for floor cleaning in commercial and industrial settings. Its low-foam formula effectively removes grease and oil, leaving floors spotless with a pleasant clean scent. Suitable for manual use or with floor-cleaning machines, it's safe on aluminum and vacuum pumps. Perfect for car dealerships, kitchens, and supermarkets.

Code	Format		pH
MAF-F3	Jerry Can 5 Kg	144	>12

ALKASOLV

ALKALINE FLOOR CLEANER SOLVENT-BASED

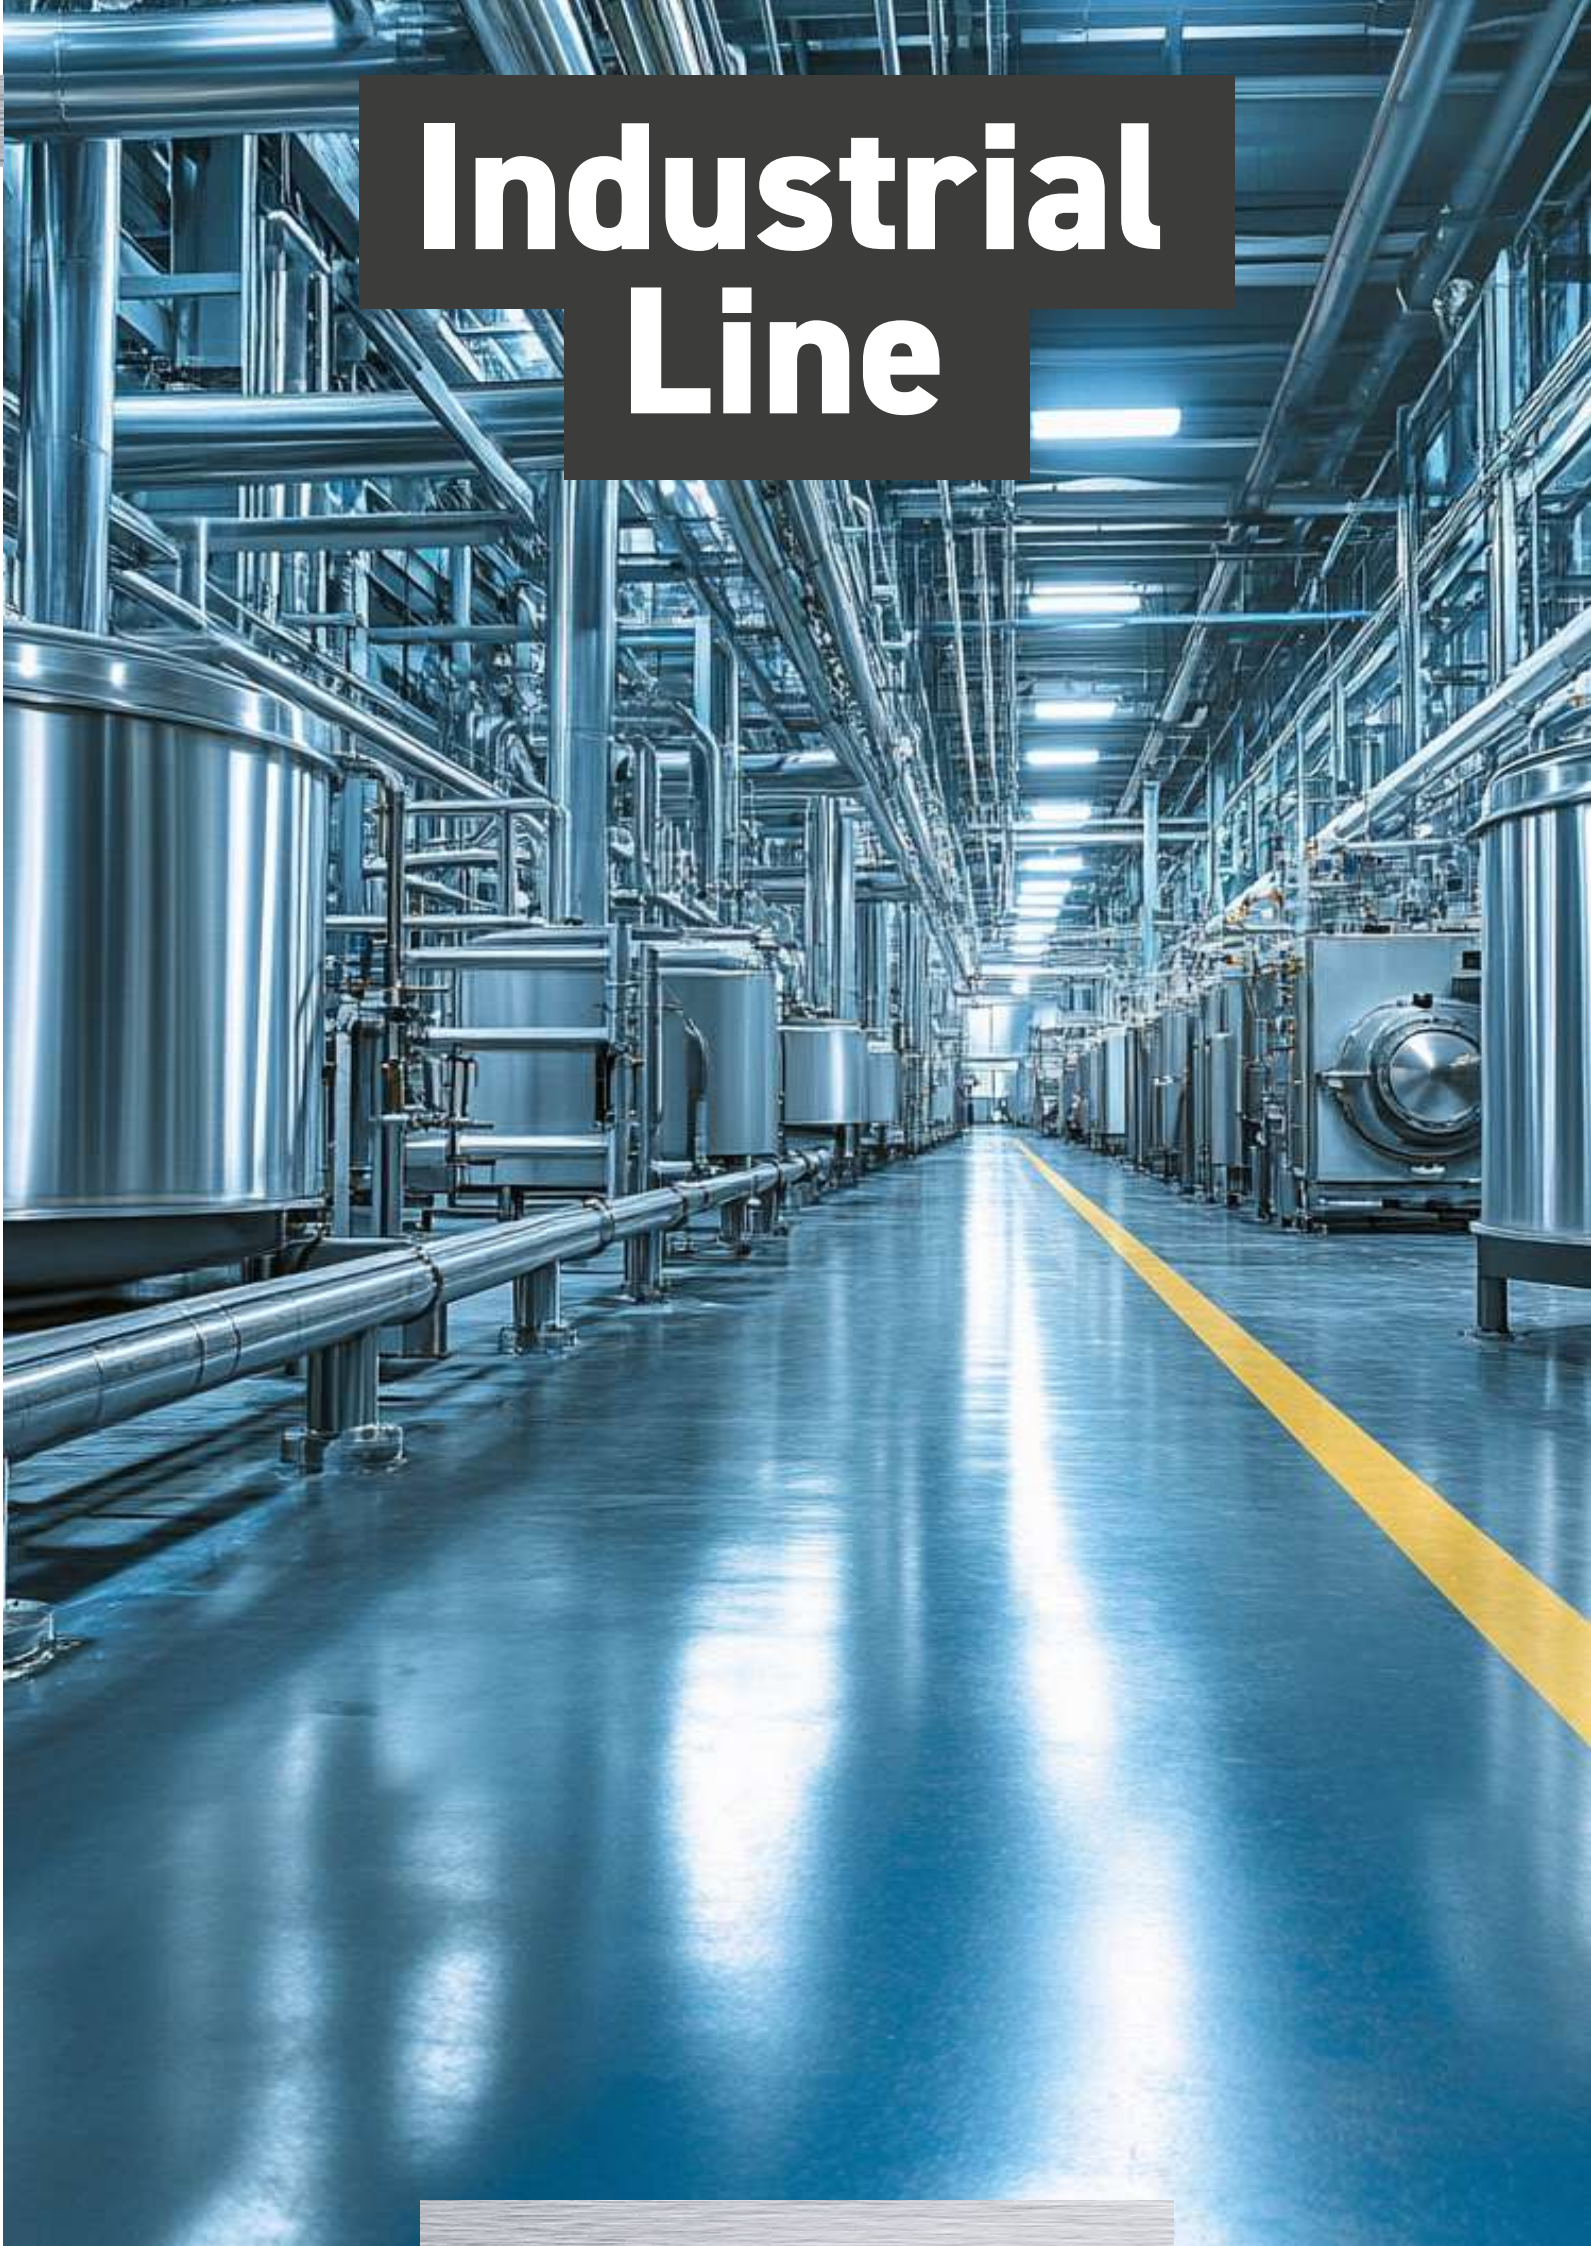

ALKASOLV is a solvent-based alkaline cleaner, perfect for floor cleaning in industrial and commercial settings. Formulated to easily remove grease, oil, rubber stains, and industrial grime, it leaves surfaces clean and residue-free. Ideal for workshops, production plants, and warehouses, it can be used both manually and with floor-cleaning machines, ensuring floors are always in optimal condition.

Code	Format		pH
MAF-F4	Jerry Can 5 Kg	144	>12

Industrial  
Line

PRO-DEGREASER

ALKALINE CLEANER SOLVENT-BASED

Pro Degreaser is a high-performance professional degreaser designed to remove grease, oils, and industrial residues from a wide range of washable surfaces, including vehicles, heavy equipment, tanks, and boats. Its solvent-free formula ensures deep and safe cleaning while preserving surface integrity. Ideal for frequent and intensive applications, Pro Degreaser leaves surfaces shiny and clean, saving time and enhancing the aesthetic of equipment. Perfect for industrial environments and sectors like transportation and logistics, this versatile degreaser provides a powerful and safe solution for professional cleaning.

Code	Format		pH
MAF-I3	Jerry Can 5 Kg	144	>12

HEAVY METAL ACIDIC

EFFICIENT OXIDATION REMOVAL

HEAVY METAL ACIDIC is a powerful acidic cleaner specifically designed to effectively remove oxidation traces from metal surfaces, including aluminum, stainless steel, and chrome. Ideal for industrial vehicles like tankers and trucks, it quickly removes oils, brake dust, and tough deposits, restoring surfaces to their original clean and shiny state. Its deep-acting formula cleans without damaging delicate materials, making it essential for the maintenance and cleaning of company fleets.

Code	Format		pH
MAF-I1	Jerry Can 5 Kg	144	<2

ALKAFOAM

HIGH-POWER MULTIPURPOSE PRE-WASH FOR WASTE AND GARBAGE MANAGEMENT

ALKAFOAM is a concentrated alkaline pre-wash designed for the waste management sector, ideal for cleaning vehicles and equipment used in waste collection and disposal. Formulated to tackle stubborn dirt, grease, and organic residues, it remains effective even in hard water and high-temperature conditions. Its active foam ensures uniform coverage, facilitating dirt removal without damaging surfaces. Free from harmful substances, it is safe for closed environments and leaves a pleasant fragrance, enhancing the working environment.

Code	Format		pH
MAF-I4	Jerry Can 5 Kg	144	>12

HEAVY METAL ALKALINE

Efficient Fatty Acid Removal for Stainless Steel Tanks and Accessories

HEAVY METAL ALKALINE is a highly effective alkaline cleaner, ideal for removing fatty acids and oily substances from stainless steel tanks and loading accessories. Perfect for maintaining the integrity of equipment used in the transport of industrial and food materials, it is also excellent for preparing metal laminates before painting. Its No Foam formula minimizes foam formation, simplifying rinsing and reducing operational time. Safe for delicate surfaces, it is a reliable ally for industrial cleaning and maintenance.

Code	Format		PH
MAF-I2	Jerry Can 5 Kg	144	>12

# Building Construction

## CONSTRUCTION LINE

### CEMENT OUT

#### ANTI-STATIC CLEANER FOR EQUIPMENT AND CONSTRUCTION SURFACES

CEMENT OUT is an acid cleaner ideal for the fast and effective removal of cement, mortar, and lime residues on construction surfaces and equipment. Perfect for the needs of the construction and maintenance sectors, it dissolves tough deposits, keeping tools and surfaces clean. Safe on acid-resistant materials and compliant with environmental standards, CEMENT OUT ensures deep and reliable cleaning.

Code	Format		pH
MAF-B2	Jerry Can 5 Kg	144	<2

# Train Cleaning Line

## TRAIN CLEANING LINE

### ACIDRAIL

#### DESCALER FOR EXTERIOR SURFACES

ACIDRAIL is a powerful acidic descaler, ideal for removing limescale, oxidation, and mineral deposits from train exteriors. Its formula ensures deep cleaning, restoring the original shine of carriages and treated surfaces. Perfect for trains and transport vehicles exposed to the elements, ACIDRAIL applies easily and rinses off quickly, leaving surfaces clean and residue-free. Safe for acid-resistant materials and compliant with environmental regulations.

Code	Format	 PH
MAF-T2	Jerry Can 5 Kg	144 <2

### ALKARAIL

#### ALKALINE DEGREASER FOR EXTERIOR SURFACES

ALKARAIL is a powerful alkaline degreaser, perfect for cleaning and maintaining the exterior surfaces of trains and railway vehicles. With its advanced formula, it easily removes grease, oils, and atmospheric residues, ensuring deep cleaning even in outdoor environments exposed to the elements. Safe on materials and environmentally friendly, ALKARAIL is easy to apply and rinses off quickly, ensuring trains remain clean and protected.

Code	Format	 PH
MAF-T1	Jerry Can 5 Kg	144 >12

# APC Cleaning Line

## APC CLEANING LINE

### JOLLY DEGREASER

#### ALL PURPOSE HEAVY DUTY DEGREASER

JOLLY DEGREASER is a powerful alkaline degreaser, perfect for cleaning and maintaining machinery and equipment in the mechanical industry. Its high degreasing power effectively removes oil, grease, and industrial residues, even at high dilutions, providing economic savings and strong performance. With foaming action and easy rinsing, JOLLY DEGREASER ensures deep cleaning and rapid return to operational functionality.

Code	Format		pH
MAF-J5	Jerry Can 5 Kg	144	>12

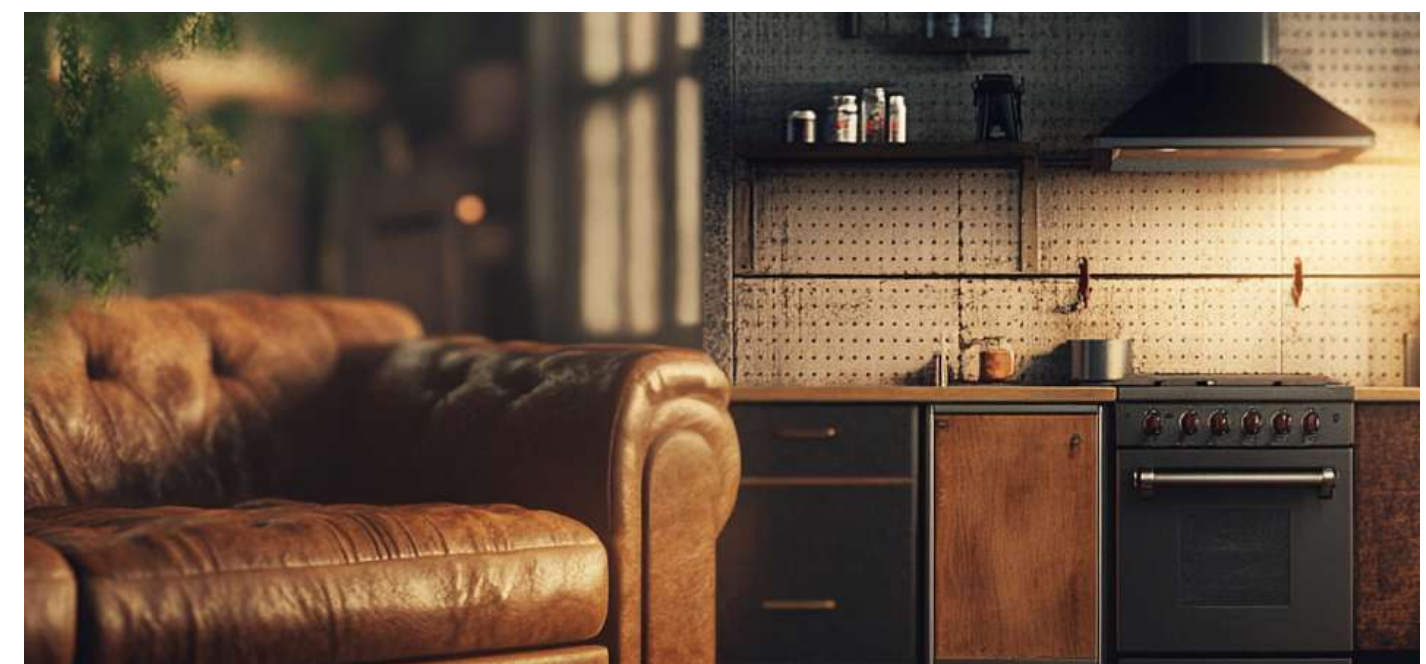

### JOLLY CLEANER

#### ALL PURPOSE CLEANER

JOLLY CLEANER is a powerful multi-purpose degreaser, perfect for removing grease, oil stains, and encrusted dirt on a wide range of surfaces. Suitable for both professional and domestic use, it is safe on stainless steel, ceramics, glass, plastic, and more, providing deep cleaning and lasting shine. Its versatile, safe formula makes it ideal for daily use.

Code	Format		pH
MAF-J6	Jerry Can 5 Kg	144	11-12
