BATHI CLEAN

BATHROOM CLEANER AND SANITIZER DAILY USE FORMULA

BATHI CLEAN - 2-in-1 Acidic Multi-Purpose Bathroom Cleaner Powerful limescale remover and multi-surface cleaner in one. Effectively eliminates limescale, dirt, and soap scum from glass, ceramic, chrome, metal, and sanitaryware - without streaks or residues. Phosphoric acid-free and ammonia-free formula, safe on delicate surfaces like marble and chrome. No rinse needed. Fast-drying. Leaves bathrooms brilliantly clean and fresh. Compatible with enzyme-based toilet systems.

Code	Format	Dilution

PRO-DESCALER

HARD STAIN WATER SCALE REMOVER GEL FORMULA

Professional Descaler - High-adhesion gel formula ideal for removing heavy limescale, mineral deposits, and light rust stains, even on vertical surfaces. Perfect for indoor and outdoor use, such as bathrooms, hotel façades, contaminated glass, trains, and areas near fountains. Odorless and safe for operators, it works where other acids fail.

SWEET IMPRESSION

CONCENTRATED AIR FRESHENER

Super concentrated air freshener made with essential oils. It neutralises unpleasant odours creating a unique and refined atmosphere in the room which, thanks to its sophisticated fragrances, lasts for many hours (between 24 and 72 hours).

Code	Format	Dilution
H8	Jerry Can 5 Kg	Pure

HOUSEKEEPING LINE

FIBRAX

CARPET SHAMPOO

Deep cleaning, dry finish, soft fibers. FIBRAX is a technical-grade shampoo for carpets and rugs, designed to deliver deep cleaning and hygiene without over-wetting fabrics. Its controlled dry-foam formula penetrates the fibers, lifts dirt, and dries into a fine powder that traps residue and is easily removed by vacuuming.

Code	Format	Dilution
H101	Jerry Can 5 Kg	3%

ECO RAPID

SMART MULTISURFACE ADAPTIVE CLEANER

A highly versatile cleaner for daily and deep cleaning, from plastic surfaces to fabrics and carpets. Its formula adapts to dilution: strong enough to degrease at low dilution, gentle enough for daily cleaning at 2%. Removes electrostatic dirt, leaves no streaks, and rinses easily. Safe on lacquered surfaces and delicate materials. Odorless and efficient - ideal for hotels, offices, and high-traffic areas.

Code	Format	Dilution
H1	Jerry Can 5 Kg	2%

BATHI PRO

SCALE REMOVER INTENSIVE CLEANING FORMULA

Advanced Bathroom Cleaner - High-performance cleaner for deep and daily cleaning of bathrooms, showers, and sanitaryware. Effectively removes limescale and soap scum, even from deposits up to 30 days old. Phosphoric acid-free: safe on chrome, taps, and delicate surfaces. No streaks. No residues. Just a fresh, long-lasting clean. Professional results with every use - gentle on materials, tough on dirt.

Code	Format	Dilution
H4	Jerry Can 5 Kg	5%

SANO WC

TOILET BOWL CLEANER DAILY

Gel toilet cleaner designed for daily use in professional environments. Its non-corrosive formula, free from hydrochloric acid, ensures excellent cleaning power while preserving ceramics, steel fixtures, and chrome finishes. No hydrochloric acid: safe on metal parts and toilet seat fittings. Perfect for upscale hospitality, public facilities, and private homes where hygiene meets care.

Code	Format	Dilution
H6	Jerry Can 5 Kg	Pure

RE-WHITE CERAMICS

RESTORES ORIGINAL WHITENESS AND SHINE TO CERAMIC SURFACES, REMOVING LIMESCALE, DULLNESS AND STREAKS IN ONE EASY STEP.

Is a professional cleaner designed to restore ceramic surfaces to their original brilliance. Its advanced formula removes limescale, residues, dark streaks and dullness, bringing back shine, uniformity and a smooth, pleasant feel to the touch. Ideal for sinks, sanitary ware, showers and tiles, it delivers fast action and a visible polishing effect from the very first use.

OXY BOOST

SPOTTING CLEANER

OXY BOOST is a professional powdered booster based on active oxygen, designed for deep sanitizing and stain removal. It can be used alone, dissolved in hot water, or as an additive to alkaline or neutral detergents. Effectively removes mold, urine, blood, feces, betadine, curry, tea, coffee, and pan masala stains. Suitable for washing machines, dishwashers, or pre-treatment. Free from chlorine and quaternary ammonium compounds, it enhances detergent performance, ensuring professional results even in sensitive environments like nurseries, schools, canteens, and nursing homes. Eco-friendly, it decomposes into non-toxic sodium carbonate and oxygen.

SAFETY CLEAN

DEGREASER ALLUMINIUM SAFE

Modern degreaser for professional kitchens. Next-generation degreaser, safe on aluminium and delicate metal surfaces. Ideal for cookware, oven trays, extractor filters, and kitchen equipment. Compatible with pyrolytic and catalytic ovens - gentle where others are too aggressive. Perfect for hotels, restaurants, catering services, and all modern kitchens demanding top hygiene without compromising surface care.

Code	Format	Dilution
K10	Jerry Can 5 Kg	10%

KITCHEN LINE

POWER FOAM

HIGHLY ALKALINE FOAMING CLEANER, OVEN AND HOOD DEGREASER - FRAGRANCE-FREE

PowerFoam is a high-alkaline, high-foam degreaser designed to tackle the toughest kitchen grime. Its powerful formula clings to vertical surfaces, breaking down burned grease, carbon buildup, and baked-on residues. Ideal for extractor hoods, ducts, grills, and ovens. Not suitable for aluminum or sensitive surfaces.

Code	Format	Dilution
K11	Jerry Can 5 Kg	5%

STEEL WASH

DEEP CLEANER FOR STAINLESS STEEL AND ALUMINUM

Deep cleaner for stainless steel and aluminum. Removes light oxidation and dirt without streaks or odors. Safe, fast, and effective.

Code	Format	Dilution
K7	Jerry Can 5 Kg	10%

SHINOX

SHINE AND PROTECTION

For routine cleaning and shine maintenance, use Shinox ready to use. Spray evenly onto the surface or apply with a cloth, then wipe with a clean, soft microfiber. No rinsing needed. For light rust and oxidation removal, apply pure directly onto the affected area and gently rub with a non-abrasive sponge. For food contact surfaces, Shinox can be diluted up to 50% with tap water. Ideal for polished and brushed stainless steel, chrome and acid-resistant metal alloys, food preparation counters, hoods, ovens, external parts of machinery, elevators, display units, and metal furnishings. Not suitable for aluminum or zinc, painted or coated metal surfaces (unless tested first).

Code	Format	Dilution
K6	Jerry Can 5 Kg	Pure

SCALE OUT

PROFESSIONAL MULTI-PURPOSE ACID DESCALER

SCALE OUT is a professional low-foam acidic descaler, specifically formulated to remove limescale, mineral deposits, rust, and light oxidation from a wide variety of acid-resistant surfaces. Its balanced blend of phosphoric, citric, and sulphamic acids provides strong descaling power while ensuring safety on most metals and plastics. Designed for industrial, sanitary, and food-processing environments, SCALE OUT restores the original brightness of treated surfaces and maintains optimal hygiene levels. Ideal for manual cleaning, immersion, or recirculation (CIP) systems.

Code	Format	Dilution
K5	Jerry Can 5 Kg	10%

POWER WASH

DISHWASHING MACHINE LIQUID CONCENTRATE

POWER WASH is the ideal detergent for professional dishwashers, formulated to remove grease, buildup, and food residues even under challenging conditions. Designed for high-use kitchens, it ensures spotless dishes and protects the dishwasher from limescale, extending its lifespan. Easy to use and highly effective, POWER WASH delivers excellent results with a single wash cycle.

Code	Format	Dilution
K2	Jerry Can 5 Kg	0,1%

MAGIC RINSE

DISHWASHING MACHINE LIQUID RINSE AID

MAGIC RINSE is the ideal professional rinse aid for spotless, streak-free dishes. It speeds up drying and provides exceptional shine on glass, stainless steel, and other delicate surfaces. Its advanced formula prevents limescale buildup, protecting the dishwasher and enhancing wash cycle efficiency. Perfect for both home and professional use, MAGIC RINSE is an essential ally for flawless dishes every time.

Floor Care Line

FLOOR CARE LINE

DAILY CLEAN

MULTISURFACE FLOOR CLEANER

For manual cleaning (mop & bucket), dilute 1–3% in water. Clean as usual. No rinsing required.

For scrubber-dryers, dilute 1–2% in the clean water tank and use the standard program.

For heavier dirt, dilute 5%, apply, leave for 5 minutes, then rinse or vacuum.

Suitable for treated and untreated floors (waxed, sealed, polymer-coated), tiles, linoleum, vinyl, PVC, concrete, resin and painted surfaces.

Also suitable for antistatic and ESD floors, ideal for high-traffic environments such as offices, commercial spaces, showrooms, kitchens, healthcare facilities, gyms and schools.

Code	Format	Dilution
F1	Jerry Can 5 Kg	1-5%

Code	Format	Dilution
F2	Jerry Can 5 Kg	5%

DEEP CLEAN

FLOOR DEEP CLEANER

For Deep descaling dilute 10-15% in water. Apply with mop, scrubber, or brush. Let act 5-10 minutes. Rinse thoroughly with clean water. For Routine maintenance dilute 3-5% in water. Use with mop or floor scrubber. Rinse if needed. For Localized stain/rust removal use diluted 50% in water. Apply directly to spot. Allow short contact time. Scrub if needed and rinse immediately. Deep Clean is suitable for acid-resistant ceramic tiles, porcelain and stoneware, concrete (acid-treated/sealed) and industrial resin or polymer flooring. Product is Not suitable for marble, limestone, or other calcareous stones and polished concrete or soft metals.

ALKASOLV

FLOOR DEGREASER SOLVENT BASED

For manual use, dilute the product according to the instructions in a bucket. Clean the surface using a cloth or mop and let it dry. For mechanical use, dilute the product and pour it into the vacuum tank, then proceed with cleaning. Do not use on delicate materials (aluminum, zinc, copper), or untreated natural wood. Do not use on fabrics, carpets, delicate porous surfaces, natural parquets and waxed or polished floors if you don't want to remove the superficial treatment.

Code	Format	Dilution
F3	Jerry Can 5 Kg	2%

FLOOREX

FLOOR DEGREASER

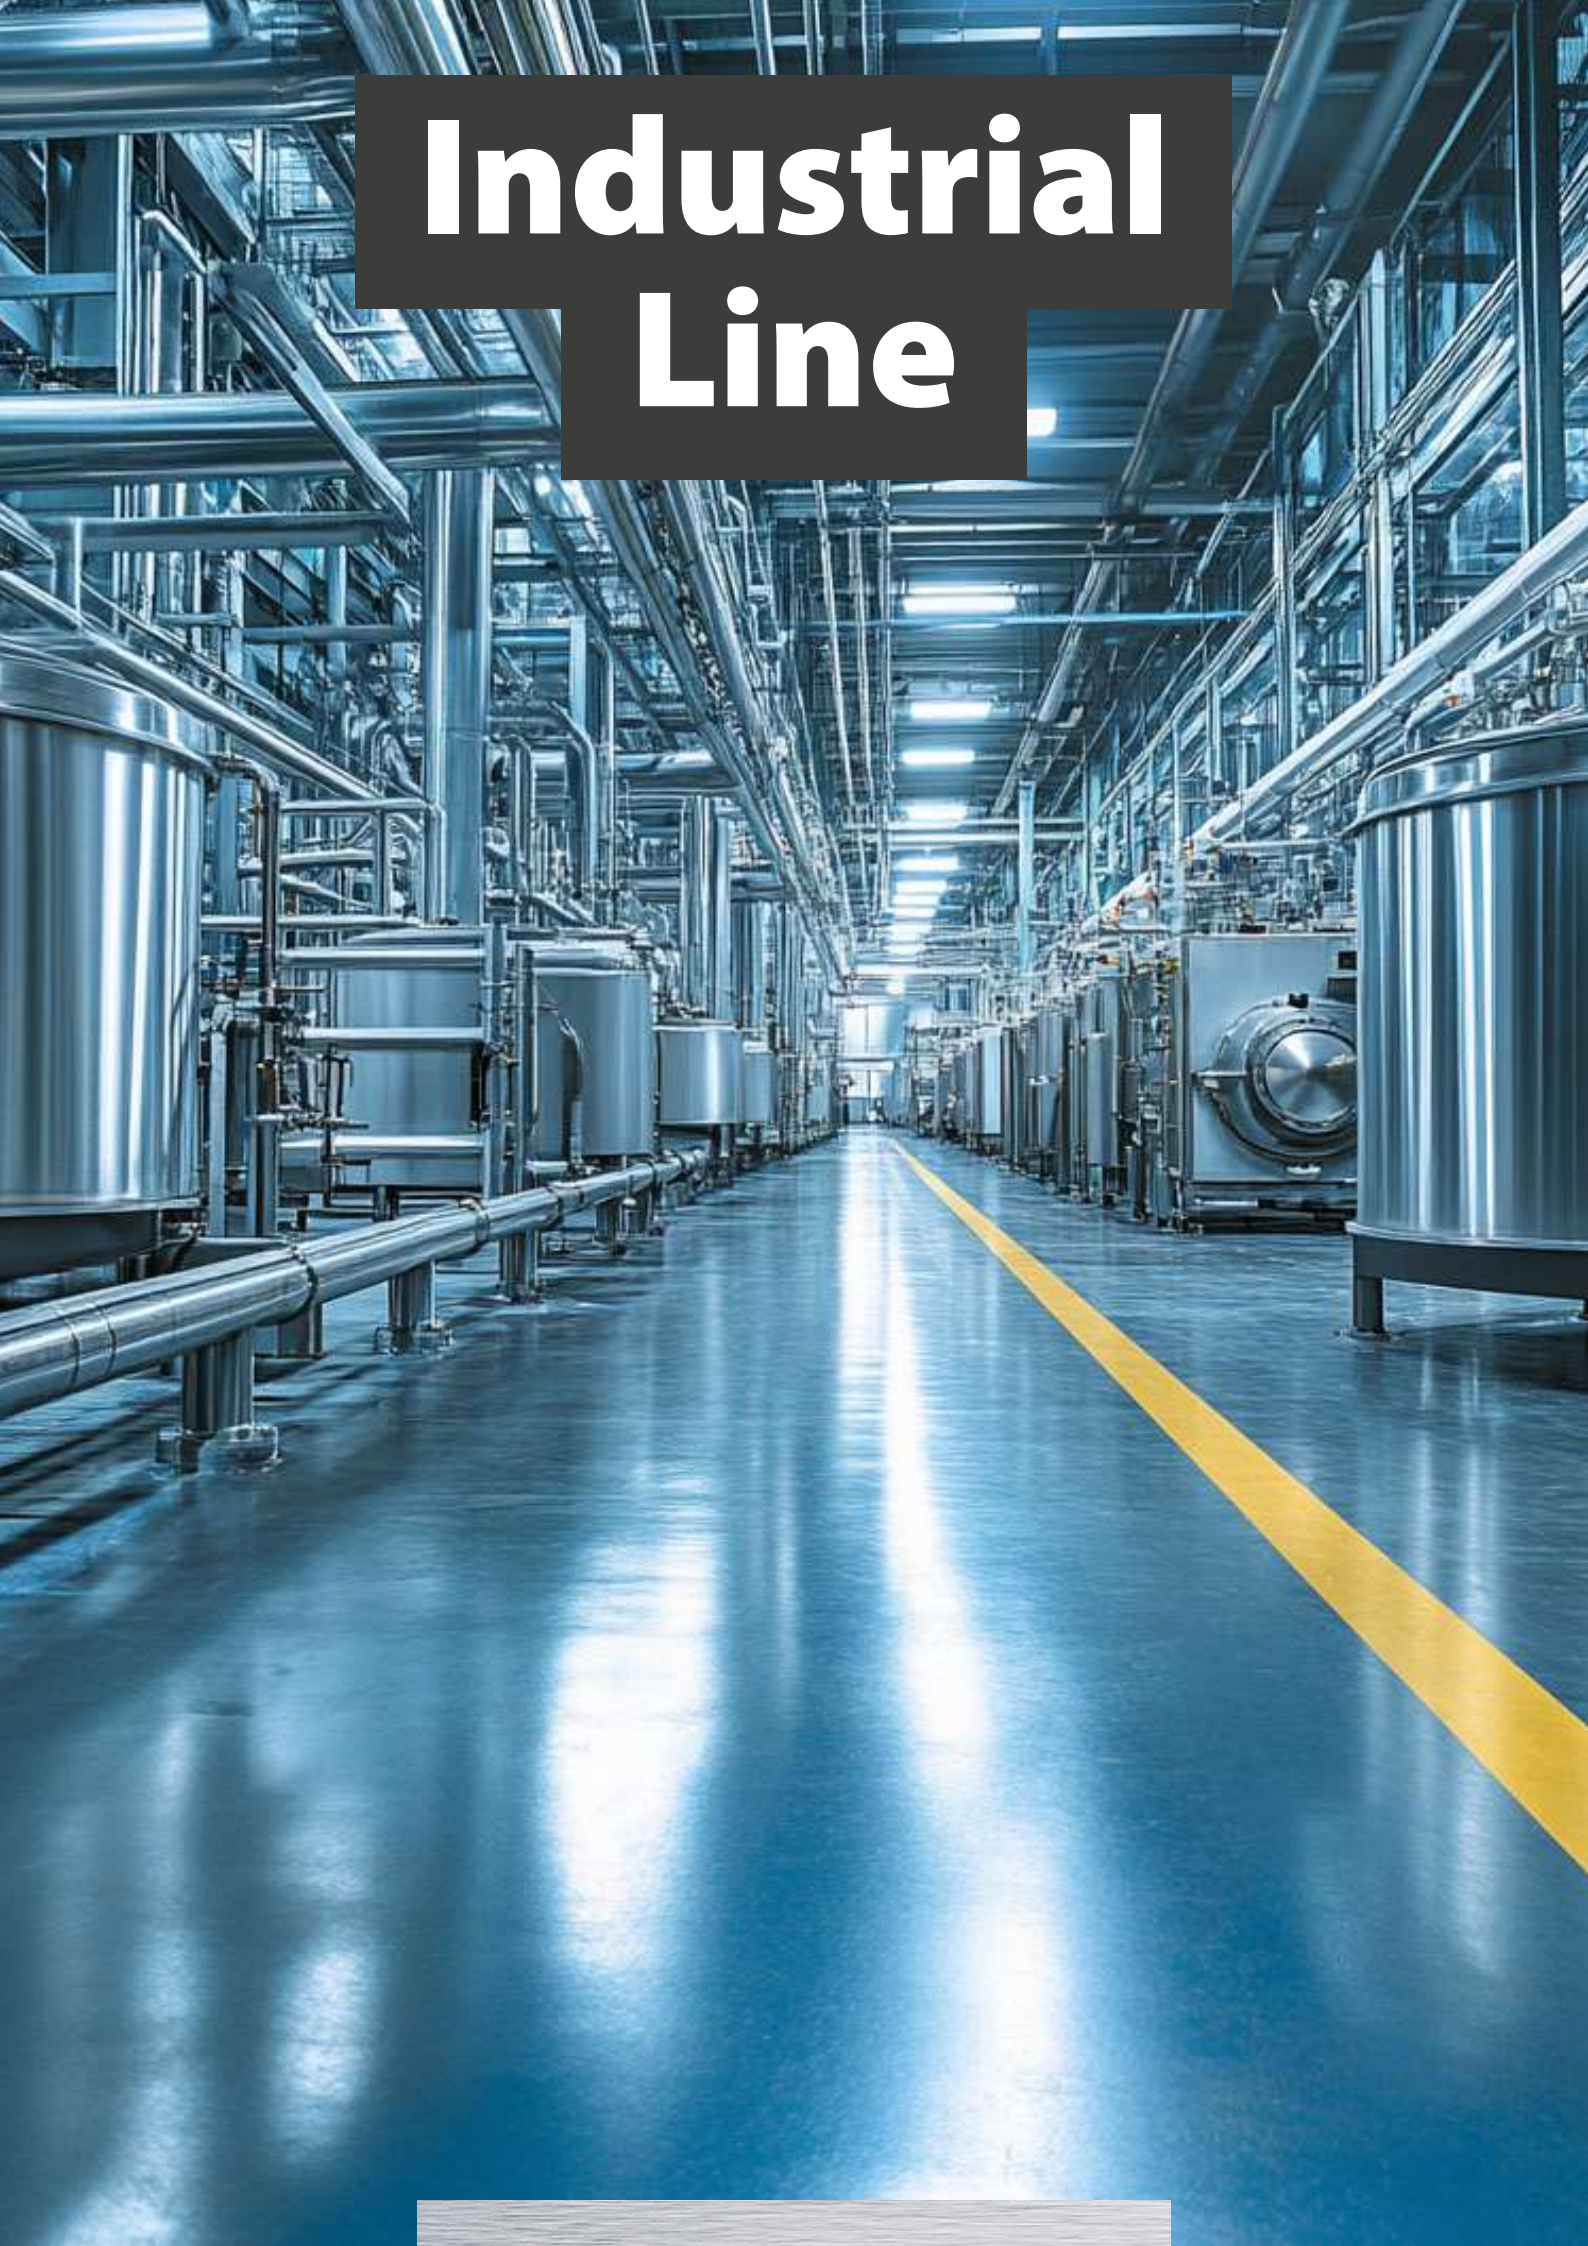

For Manual cleaning (mop & bucket) dilute 1-3% of product in tap water. Apply with mop, allow short contact time, rinse or wipe if necessary. Floor scrubber machines (auto-scrubbers) dilute 1-2% in water and add to clean water tank. Use standard machine settings. For cleaning Heavy-duty degreasing (garage, industrial zones) dilute product 5% in tap water, apply directly on surface, scrub with brush if needed, let act for 5-10 minutes, rinse thoroughly or vacuum dry. Floorex is compatible with epoxy and resin-coated floors, concrete and industrial tile, aluminum and sensitive metals, painted and unpainted workshop floors, supermarket aisles, showrooms, and parking structures.

Code	Format	Dilution
F4	Jerry Can 5 Kg	2%

Industrial Line

HEAVY METAL ACID

RUST REMOVER AND MAINTNER FOR METAL SURFACE

For CIP systems/Tank cleaning (stainless steel, food-grade) dilute 1-2% in water. Circulate solution through equipment at 40-60°C for 10-15 minutes. For Surface degreasing (tools, metal frames, machine parts) dilute 2% in water, apply via low-pressure sprayer or brush. Allow 3-5 minutes of contact time, then rinse with water. Compatible with stainless steel structures, industrial equipment, tanks, railway and transport components. Not suitable for aluminum, zinc, galvanized steel (or light alloys), marble, limestone, or calcareous stone surfaces.

Code	Format	Dilution
I1	Jerry Can 5 Kg	100%

HEAVY METAL ALKALINE

HEAVY DUTY DEGREASER - METAL SAFE

Dilute the product according to the instructions and spray homogeneously on the surface using a low-pressure sprayer. Wait for few minutes and rinse with water. Heavy Metal Alkaline is compatible with stainless steel (AISI 304, 316), painted and unpainted ferrous metals, aluminum and metal alloys (test before use), industrial tanks, valves, pipes, containers, and accessories.

Code	Format	Dilution
I2	Jerry Can 5 Kg	2%

Train & Heavy Vehicles Line

ACID RAIL

RAIL DEEP CLEANER AND ACIDIC DESCALER REMOVER

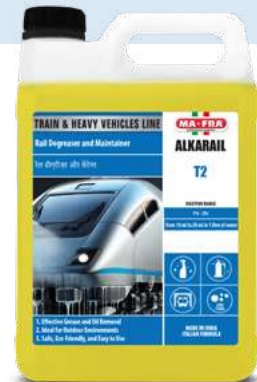

Dilute the product according to the recommended instructions and spray evenly onto the surface. Allow it to act for a few minutes, then rinse thoroughly with water. Acid Rail is suitable for use on steel railway tracks, iron and galvanized metals, acid-resistant concrete, and transport wagons and undercarriages.

Code	Format	Dilution
T1	Jerry Can 5 Kg	100%

ALKARAIL

RAIL DEGREASER AND MAINTAINER

Dilute the product according to the instructions and spray homogeneously on the surface, via low or high pressure sprayers. Wait for few minutes and rinse with water. Product is compatible with following surfaces: railway tracks, industrial and logistic rails, exposed mechanical components, concrete floors and stainless steel surfaces.

Code	Format	Dilution
T2	Jerry Can 5 Kg	2%

ALKAFOAM

HEAVY VEHICLE AND GARBAGE TRUCK CLEANER

Apply with foam lance or foaming sprayer. Let the foam sit for 5-10 minutes. Rinse thoroughly with high-pressure water. For cleaning of Garbage trucks, waste containers, industrial vehicles dilute 20% in tap water. For cleaning Refrigerated trucks, food machinery, kitchen ducts dilute from 15% to 10% in tap water, apply foam evenly using a lance or brush system. Allow contact time, then rinse. Alkafoam is safe for stainless steel and food zones and compatible with stainless steel (AISI 304/316), painted and coated metals, food-grade plastic and PVC, enameled or ceramic industrial surfaces, exhaust hoods, machinery exteriors and collection bins.

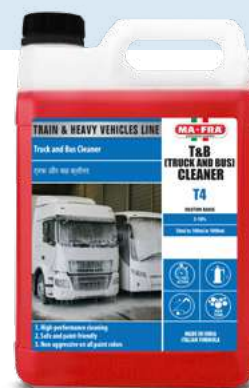

Code	Format	Dilution
T3	Jerry Can 5 Kg	5%

TRAIN & HEAVY VEHICLES LINE

T&B CLEANER

TRUCK AND BUS CLEANER

With Foam lance or pressure washer (pre-wash or deep cleaning) dilute 5-10% in water, Apply evenly starting from bottom up. Let foam act for 3-5 minutes. Rinse thoroughly with high-pressure water. For Manual cleaning (brush or mitt) dilute T&B 5% in water, Apply foam solution using soft brush or mitt. Agitate if necessary. Rinse thoroughly with clean water. T&B is suitable for cleaning painted vehicle exteriors (safe on all colors), chrome trims and bumpers, plastic and composite fairings, bus panels, truck bodies and trailers.

Code	Format	Dilution
T4	Jerry Can 5 Kg	5%

CEMENT OUT

CEMENT CLEANER FOR EQUIPMENT AND CONSTRUCTION SURFACES

For cleaning Heavy cement buildup/equipment cleaning dilute product 30% in water. Apply with low-pressure sprayer. Allow to act for 3-5 minutes. Scrub if needed. Rinse thoroughly. For general surface descaling (tiles, machinery, construction forms) dilute 10-20% in water. Spray or spread over the surface. Wait 2-3 minutes. Rinse with plenty of water. For maintenance cleaning/light residues dilute 5-10% in water. Apply with low-pressure sprayer. Leave briefly, then rinse. Repeat if needed. Cement Out can be used on acid-resistant materials: ceramic tiles, stainless steel (304/316), plastics (PP/PE), masonry tools, concrete molds, scaffolding, formwork, construction vehicles and exterior surfaces (paint-safe if acid-resistant).

Code	Format	Dilution
T5	Jerry Can 5 Kg	Pure

PRO-DEGREASER

HEAVY DUTY SOLVENT DEGREASER METAL SAFE

Dilute the product according to the instructions and spray homogeneously on the surface, via low or high pressure sprayers.

Wait for few minutes and rinse with plenty of water

Code	Format	Dilution
T6	Jerry Can 5 Kg	2%

All Purpose Cleaning Line

JOLLY CLEANER

MULTIPURPOSE CLEANER

JOLLY CLEANER is a powerful multi-purpose degreaser, perfect for removing grease, oil stains, and encrusted dirt on a wide range of surfaces. Suitable for both professional and domestic use, it is safe on stainless steel, ceramics, glass, plastic, and more, providing deep cleaning and lasting shine. Its versatile, safe formula makes it ideal for daily use.

Code	Format	Dilution
J6	Jerry Can 5 Kg	2%

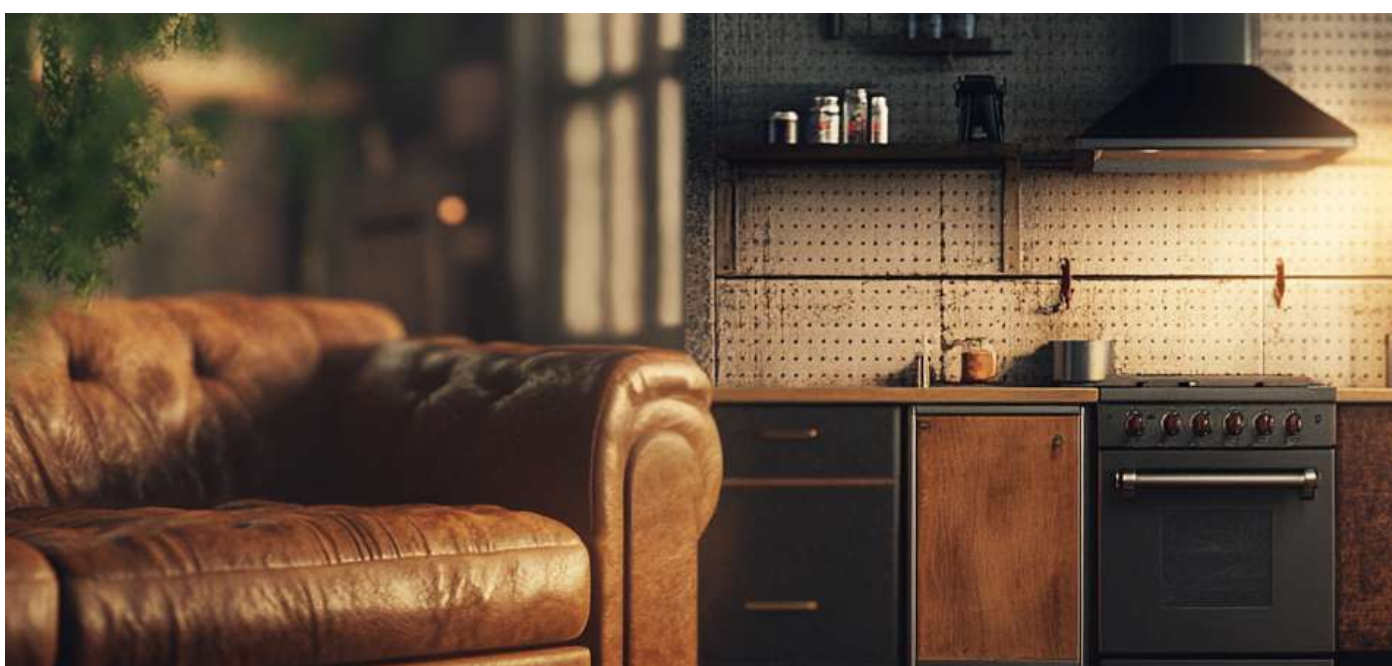

JOLLY DEGREASER

MULTIPURPOSE DEGREASER

JOLLY DEGREASER is a powerful alkaline degreaser, perfect for cleaning and maintaining machinery and equipment in the mechanical industry. Its high degreasing power effectively removes oil, grease, and industrial residues, even at high dilutions, providing economic savings and strong performance. With foaming action and easy rinsing, JOLLY DEGREASER ensures deep cleaning and rapid return to operational functionality.

Code	Format	Dilution
J7	Jerry Can 5 Kg	10%

Healthcare & Assisted Living

PAN WASH

HYGIENIZING DECONTAMINANT FOR BEDPANS, URINALS AND MEDICAL EQUIPMENT

Pan Wash is a high-performance acid sanitizing detergent formulated with buffered organic acids to ensure deep and safe cleaning. Ideal for automatic dishwashing machines in hospitals and healthcare facilities, it effectively removes organic residues and limescale deposits without attacking stainless steel, aluminum, or delicate surfaces.

It contains 1% lactic acid, a naturally derived sanitizing agent recognized by the EPA, ensuring reliable and eco-friendly sanitizing action. Its anti-foam formula and self-suppressing system, activated above 40°C, protect pumps from cavitation, enhance system efficiency, and guarantee consistent results even under intensive working conditions.

Code	Format	Dilution
